

# Online Giving Instructions

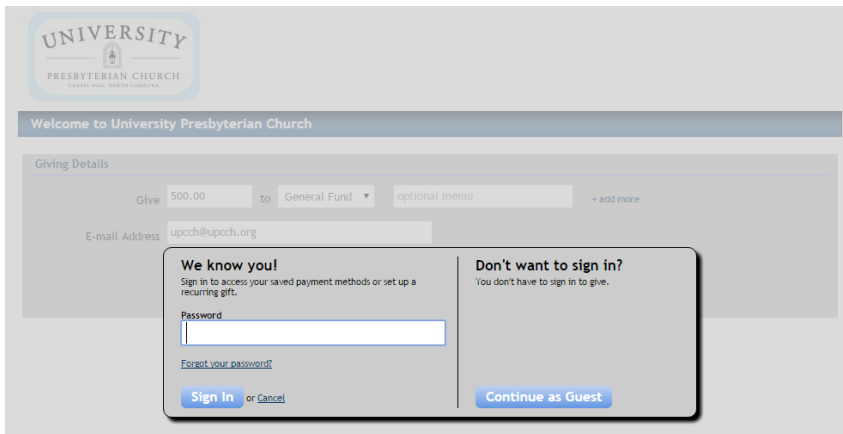

Anyone can give a gift to University Presbyterian Church without having to create a login. Start by clicking the Giving button on the UPC website or by going to this link:

<https://secure.accessacs.com/access/oglogin.aspx?sn=90494>

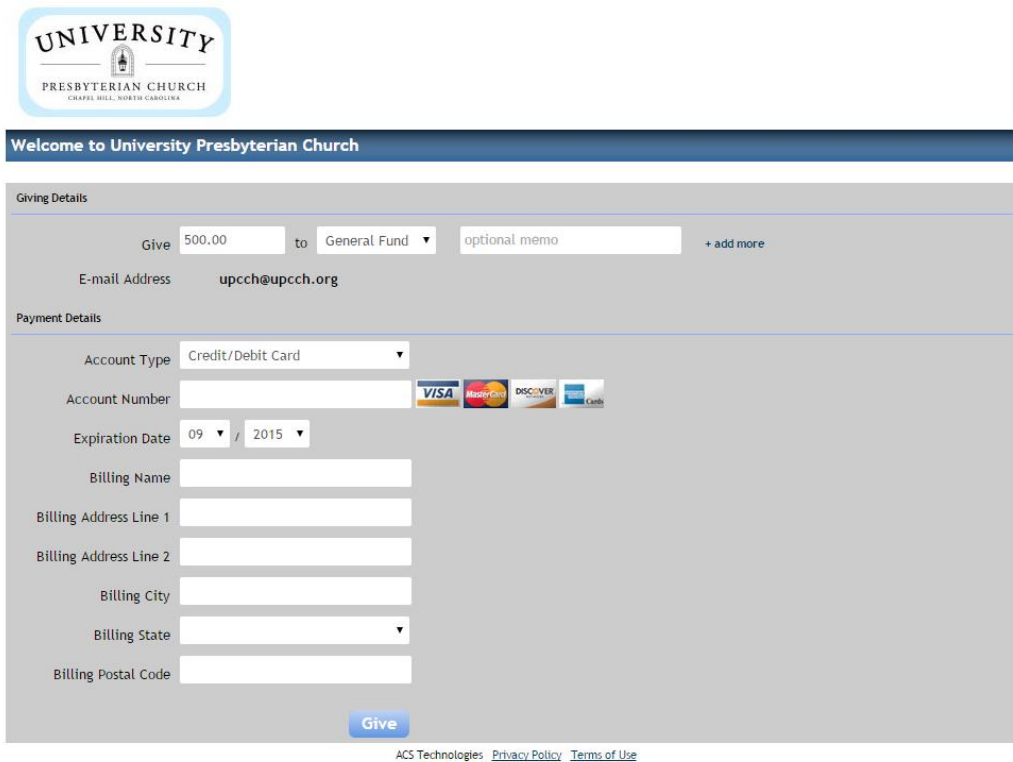

1. Our online giving page will come up with a spot to fill in your gift amount, select which fund you'd like to give to, an optional memo line and your email address.

2. Once you enter in the information, you will get one of two screens. If you are a guest making a gift, you will see this page. You can choose to create a giving account or you can continue as guest.

3. If you are a member and are using the same email address you use to login into your Access ACS profile, you will see this screen. You can choose to sign in to your account or continue as guest.

4. Whether you create an account, sign in or continue as guest, your next screen will look basically the same.

5. Once you are done, click Give. A receipt will be emailed to the address you provided.
