

A Gift of Help at Christmas has been given in your honor to

FRIENDS OF ORANGE COUNTY DSS

North Carolina

FRIENDS of DSS is a group of volunteers who work to support DSS social workers and clients by providing both financial and material help when resources needed exceed the scope of DSS and other helping agencies. Founded in 1992, this organization has received a variety of requests from social workers on behalf of their clients. They range from providing clothing for a child going into foster care to securing everything that a mom and daughter leaving the homeless shelter need to furnish an apartment. While the requests received from social workers varies greatly, the bulk of the funds distributed are used to help pay utility bills for DSS clients who have received cutoff notices for power, heat or water. Friends of DSS pay the utility companies and do not interact with the client. This gift will help provide financial or material help to Orange Co. DSS clients in need.
